THE CITY OF TORONTO

The City of Toronto is situated on the northern shore of Lake Ontario, nearly due north from the mouth of the Niagara River. It lies on a plateau gradually ascending from the Lake Shore to a height of 220 feet, and covers an area (not including land covered by water) of about thirty-two square miles. Its altitude is 300 feet above sea level. It is generally level with slight depressions at points where minor water courses formerly existed. The harbor in front of the City (approximately, a square mile in area) is formed by an island lying to the south of it.

The name of the City is of Indian origin, meaning a "place of meeting," the site in early times being a rendezvous for Indian tribes for council or war-like expeditions. It first appears as a centre of trade in 1749, when the French built a fort and started a small trading settlement under the name of Fort Rouille. Its occupancy, however, was not long undisturbed, as British traders appeared soon from the south, and in the war between France and England the fort was burned in order to prevent English occupation in 1759.

Governor Simcoe chose the site of the City for the Capital of the Province of Upper Canada,

and changed the name to York in honor of the Duke of York, son of the then King George III. The town was occupied by the U.S. forces in 1813, and the Legislative Assembly buildings and archives were burned. Self-government was granted in 1817; and in 1834, the population having increased to 9,000, it was incorporated as the City of Toronto.

Since then its progress has been rapid and substantial; the population up to the outbreak of the war having doubled practically every fifteen years since incorporation. The City is noted for its many fine public and other buildings, its parks and splendid shade trees. It is the Capital of Ontario, the business of the Province being carried on in the Parliament Buildings, a magnificent brown stone structure, beautifully situated in Queen's Park.

As a location for manufacturing and commercial establishments the City possesses many advantages for the production of almost every class of goods. Its growth in every direction has been so noticeable that little need be said to prove its claim of having the most favorable conditions for the production and distribution of goods. It has water communication east and west to many important

centres, to tide water and to more than one-half the way across the continent, has railways to provide exceptional trade handling facilities, and cheap electric power from Niagara Falls.

The government of the City is vested in a Municipal Council, consisting of the Mayor and four members, forming the Board of Control (all five being elected annually by the citizens at large), and twenty-four Aldermen, three being elected annually from each of the eight Wards into which the City is divided. The Council as a whole is the legislative body of the municipality, and carries on its legislative work through standing committees in the usual way. The Board of Control is the executive body, and as such is responsible for the preparation of the annual estimates and the supervision of matters relating to finance, the appointment of officials, the carrying on of public works authorized by the Council, and the general administration of the affairs of the City, except as to the Departments of Education and Police, the first being under the control of a Board of Education, elected by the citizens, and the latter under the Board of Police Commissioners, which consists of the Mayor for the time being, a Judge of the County Court, and the Police Magistrate.

The Court also sits from time to time throughout the year to hear appeals in respect of local improvement works.

All appeals for reduction of taxes either on buildings in consequence of vacancy, or for any other cause, should be filed with the City Clerk.

The City Clerk is the Clerk of the Court.

City Hall.

The City Hall, situated on Queen Street between James and Teraulay Streets, is a massive stone structure, and contains accommodation for the Council and Officers of the Municipality, and for the Courts of Justice (including the Police Court) and the various Judicial Officers connected therewith.

The site, expropriated in 1884, was originally intended for Court House purposes only, but it was subsequently decided to erect a combined City Hall and Court House thereon. The corner stone was laid on the 21st day of November, 1891, and the building was opened for public business on the 18th September, 1899.

In the tower of the building is a massive clock of British manufacture (the largest winding clock on the continent), and three bells, which are used for striking the quarter hours, half hours and the hours.

The dimensions, cost, etc., of the building are as follows:

Frontage.....	289 feet
Depth.....	283 feet
Circumference.....	1,328 feet

City Hall—*Continued.*

Total floor space	5.40 acres
Height of tower from sidewalk	300 feet
Diameter of clock face	20 feet

Weight of bells: smallest (quarter bell), 1,904 pounds; next largest (quarter bell), 3,339 pounds; largest (hour bell), 11,648 pounds.

The total cost (including site, clock, bells, and furniture), did not exceed $2,500,000.

Births, Marriages and Deaths.

The number of births, marriages and deaths in the City of Toronto during the year 1921, as shown by the Registration returns is as follows:

Births	13,976
Marriages	6,197
Deaths	5,867

All births and marriages must be registered at the City Clerk's Office, City Hall, within 30 days from the occurrence thereof.

Deaths must be registered at the same office before a permit to bury can issue.

Physicians attending are required to send in notices of births, and parents, or occupants of dwellings where births occur, are required to register same.

Clergymen officiating are required to register marriages.

Physicians attending are required to certify as to deaths.

Neglect or failure to send in notice in either case renders parties liable to a fine not exceeding $10 and costs.

Marriage licenses issued during office hours. Office, ground floor, City Hall, East side.

Public Health.

The general death rate of the City in 1921, exclusive of still births, was 11.2 per thousand of the population as returned by the assessors.

The typhoid fever death rate was 3.1 per hundred thousand population. The death rates from scarlet fever and diphtheria were respectively 4.8 and 18.5 per hundred thousand, and that for tuberculosis (including 116 deaths of Toronto people in sanitoriums outside the City) was 65 per hundred thousand.

The public hospitals in the City are located as follows:

Toronto General Hospital, College Street.
St. Michael's Hospital, Bond Street.
Sick Children's Hospital, College Street.
Western Hospital, Bathurst Street.
Grace Hospital, College and Huron Streets.
St. John's Hospital, Major Street.
Women's College Hospital, Rusholme Road.
Riverdale Isolation Hospital for Contagious Diseases, Gerrard Street East.
St. Joseph Hospital, 1830 Queen St. West.
Wellesley Hospital, Homewood Ave.

The ordinary ambulances for cases of non-contagious diseases are under the control of

the Police, and answer to the call of "Main 222." The ambulance for cases of contagious diseases is in connection with the Health Department, and answers to "Main 2729."

In all complaints as to nuisances dangerous to public health—drop a post card to the Department of Public Health.

In case of accident, the patient, if of adult age and conscious, has the right to state to what hospital or where he wishes to be taken. In cases of children, or those in an unconscious condition, the medical attendant, and in cases where there is no medical attendant, the Police are supposed to direct the ambulance.

In cases where a person is found dead and no medical man has been in attendance, a coroner should be notified, who has authority to issue a warrant to bury after view, or order an inquest as he may deem necessary.

Local Improvement Works.

When the owners of property on any street or lane desire a sewer, sidewalk, pavement or curbing, or when the property owners in any locality desire the opening, widening, extension or diversion of any street or lane, application should be made to the Works Department for a form of petition to the Council for the work or improvement. When such petition is signed by two-thirds in number of the owners representing one-half in value of the property to be benefited by the work or improvement, the Council may proceed therewith and assess the cost against the property benefited.

If the names of two-thirds in number of the property owners representing one-half in value of the property cannot be obtained, the petition may nevertheless be presented, and if the Council, on the recommendation of the Commissioner of Works, finds that the work is necessary, and in the public interest, it may direct that it be proceeded with, unless a majority of the property owners interested representing at least one-half of the value of the property to be assessed petition against the proposed work or improvement within a month after the Council gives notice of its intention to proceed with such work.

LOCAL IMPROVEMENT WORKS—*Continued.*

Notwithstanding any petition to the contrary the Council, if it deems the same necessary in the public interest, and by a two-thirds vote of the whole Council, may proceed with any of the above-mentioned works and assess the cost thereof against the property benefited.

An estimate of the cost of a sewer, pavement, sidewalk or curbing may be obtained at the office of the Commissioner of Works upon application being made therefor by interested property owners.

Directions to give an Alarm.

Break the glass, unlock the signal box door and pull the brass hook on the inside door all the way down (once only), and let it go, and if you do not hear the alarm sound in less than fifteen seconds, go to the next nearest box to the fire and do as before directed. The hook should not be pulled while the alarm is being sounded from some other box, nor before the expiration of at least thirty seconds after the alarm has ceased. No alarm should be given for a chimney only on fire, and no box should be pulled more than once for the same fire, except by an officer of the Fire Department.

Never open the box or touch the hook except in case of fire.

Never give an alarm except from the box nearest the fire, unless you have first ascertained that the box nearest the fire will not work.

Do not try to take the Key out of the door as it is "locked in" and cannot be taken out without a relief key.

STREET TRAFFIC REGULATIONS—*Continued.*

10. Vehicles shall not stop on or obstruct crossings, and shall reduced speed when approaching crossings and standing street cars.

11. Vehicles are not allowed to pass street cars or approach nearer than six feet from front or rear when such cars are stationary for the purpose of taking on or letting off passengers. Vehicles are also required to wait until passengers getting off reach the side of the street in safety.

12. No advertising wagon shall be driven in the district bounded by Queen, Church, King and York Streets, including such streets.

13. No vehicle shall stand in front of the entrance to a theatre, hotel auditorium, office building or any building where large assemblages are being held, or where goods or merchandise is taken in or out.

14. No vehicle shall stand within fifty feet of a street intersection on streets on which street cars are operated, or 80 feet in any portion of any street where street cars stop to receive or discharge passengers, or take on air.

15. No vehicle shall stand within five feet of a fire hydrant, or be parked or stopped in

such a position as to prevent convenient movement of another vehicle already stopped.

16. No vehicle to be parked on any bridge within the municipality.

17. Where a person travelling on a street in charge of a vehicle meets another vehicle at an intersecting street, the vehicle on the right hand shall have the right of way.

18. Unlicensed delivery vehicles must have owner's name shown thereon.

19. Vehicles carrying loads which overhang to the extent of five feet or more shall display upon such load at the rear end a light or flag to warn the public of the projecting load.

20. Vehicles are not to be driven over or upon safety zones marked by white lines on pavements while foot passengers are thereon or about to enter thereon.

21. Persons under 16 years shall not drive any vehicle in the City.

22. Processions of fifty or more persons are not permitted without Police sanction.

23. Processionists must obey Police as to allowing street cars or other traffic to pass through procession.

STREET TRAFFIC REGULATIONS—*Continued.*

24. The Police have authority to divert traffic at will during passage of processions.

25. Bicyclists must have control of bicycle and shall at all times when riding keep feet on pedals and hold the handlebars and not ride more than two abreast.

26. No person shall carry a child or children upon a bicycle or tricycle, except that one child may be carried on apparatus for the purpose attached to the bicycle or tricycle and approved by the Chief Constable.

27. Bicyclists or tricyclists in meeting or passing, or on being overtaken by a street car, shall keep off the central portion of the roadway between the double tracks of the street railway, known as the "devil strip."

28. Vehicles shall not stand on any of the parking places so as to obstruct the entrance to any lane or driveway into any building.

29. All vehicles using the public streets after dusk and before dawn shall carry sidelights plainly visible from in front of and behind such vehicles.—(This regulation comes into force on June 1st, 1922.)

The management and control of the Public Libraries of the City are vested in a Board of Management. It is appointed pursuant to the provisions of the Act respecting Public Libraries and Art Schools (chap. 202, R.S.O., 1914), composed of the Mayor of the City and eight others, three of whom are appointed by the City Council, three by the Board of Education, and two by the Separate School Board. The persons appointed by the City Council and Board of Education hold office for three years, and those by the Separate School Board for two years. These members retire in rotation at the end of their respective terms on the 31st of January.

The Board holds its regular meetings on the second Friday of each month, and the Libraries and Finance Committee meets on the next preceding Tuesday.

The Libraries are maintained by an annual appropriation from the tax rates, under legislative enactment, of an amount not to exceed fifty cents per capita of the population of the City, as shown in the returns of the Assessment Department. This appropriation is obligatory, but by a vote of a majority of the members of the Council present and voting the appropriation may be increased to an amount not exceeding seventy-five cents per capita.

The Reference Library is situated at the corner of St. George and College streets. In it are the administration offices and on the ground floor is the College Street Circulating Branch.

The Central Circulating Library is at the corner of Church and Adelaide streets.

There are branches on Yorkville Avenue; Queen and Lisgar streets; Annette Street (Western); Broadview Avenue and Gerrard Street (Riverdale); 3-7 St. Clair Avenue E. (Deer Park); Bathurst Street and Melgund Avenue (Wych wood); 2 Albertus Avenue, near

Yonge Street (Northern); on the corner of Bloor Street and Gladstone Avenue (Dovercourt); on Dufferin Street, near St. Clair Avenue (Earlscourt); on Queen Street East, near Lee Avenue (Beaches); at 141-143 Main Street (Eastern), and on the corner of Roncesvalles and Wright Avenues (High Park).

In addition to these Branches there is a Municipal Reference Library in the City Hall, a branch of the Public Library.

The cost of the main Library building and of the Yorkville Avenue, Queen Street West, Annette Street, Broadview Avenue, Roncesvalles Avenue, Melgund Avenue and Queen Street East Branches has been met by funds provided by the late Andrew Carnegie.

The Reference Library is open from 10 a.m. to 9.30 p.m.; the larger of the Circulating Libraries and Reading Rooms, 9 a.m. to 9 p.m.

At the Reference Library (St. George and College Streets) the Historical Room contains the famous J. Ross Robertson Collection of engravings, prints and paintings illustrative of early life in Canada. This is the largest and most valuable collection of Canadian prints in existence, now numbering 3,715 pictures. The room is open to the public daily without charge.

This building also contains the unique collection of 214 water color pictures of game birds of early Canada, executed by William Pope, the gift of the late Mr. J. Ross Robertson. Also from the same generous donor a large and valuable collection of maps and plans dating from the first of the French explorations in Canada.

The offices of the Libraries are located in the building at the corner of College and St. George Streets. Telephone numbers are as follows:

Buildings and Grounds.

The buildings on the grounds are over eighty in number. The main group of fourteen buildings, consisting of all permanent structures of steel, brick or concrete construction, are fine in architectural detail, and make a splendid setting for an annual exhibition. The grounds, situated on the shore of Lake Ontario, and extending along the waterfront for upwards of one mile, comprise 264 acres, and form, when not in use for Exhibition purposes, a magnificent public park and playgrounds, affording facilities for every branch of sport and recreation. Two new buildings will be opened this year, the Municipal Arena and the Pure Food Building. The first-named structure, which was erected at a cost of $1,000,000, has 8½ acres under roof. The judging ring is 232 x 102 feet with seating accommodation for 7,400 people. The wings are 335 x 177 feet. The Pure Food Building is 267 x 230 feet and cost $150,000. The buildings and grounds were of splendid service to the military authorities as a winter mobilization centre during the War period, 1914-1918, and, after the signing of the Armistice, as a demobilization centre, housing on one occasion over 8,000 men, together with horses, guns and full war accoutrement.

Other leading buildings are: Administration, and upwards of three score other structures for the housing of cattle, sheep and swine; Dog and Cat building, and a Grand Stand 725 feet long with a seating capacity of 16,000.

The Exhibition has its own power and electric plant of 60,000 lamps, paved streets, telephone, telegraph, postal, custom house and banking services, together with a Police Station, Fire Hall, Hospital, Creche, etc.

Toronto and York Highway Commission.

(Appointed under 5 Geo. V., chap. 17.)

This Commission consists of five persons, two appointed by the County Council of York and two by the City Council of Toronto and a fifth to be agreed upon by the persons appointed. Its duty is the improvement and maintenance of main suburban roads to be determined upon by the Commission. The cost is to be borne by the City, the County and the Ontario Government in the following proportions: 30% by the City, 30% by the County and 40% by the Ontario Government, but on certain roads the proportion is 20% by the City, 20% by the County and 60% by the Government. The members and officers of the Commission are as follows:

Toronto and Hamilton Highway Commission.

This Commission was appointed by the Ontario Legislature in September, 1914, to construct and maintain a permanent highway between the cities of Toronto and Hamilton.

The powers and duties of the Commission are defined by an Act of the Legislature (5 Geo. V., chap. 18) and amending Acts.

The road is constructed of concrete 18 feet wide with earth shoulders three feet wide on either side and open ditches; but through all towns and villages, by special arrangement and at the expense of the local municipality, the road is built wider and has storm sewers and curbs the same as a city street.

The City of Toronto contributes $250,000, or approximately one-quarter of the cost of the 40-mile road.

The members and officers of the Commission are as follows:—

Commissioners.

Geo. H. Gooderham, 49 Wellington Street East, Toronto, *Chairman.*

T. W. Jutten, 551 Wellington Street North, Hamilton.

M. C. Smith, Burlington, Ontario.

W. S. Davis, Oakville, Ontario.

TORONTO HARBOR COMMISSIONERS.

The Toronto Harbor Commissioners' Act (1 and 2 Geo. V., chap 26), was passed by the Dominion Government. It provides for the appointment of five Commissioners, three of whom are appointed by the City Council

and two by the Dominion Government, one of the latter appointees being on the recommendation of the Board of Trade. This Act also defines the powers and duties of the Commissioners.

Following the appointment of the Commissioners the City Council, under the authority of an Act of the Provincial Legislature (1 Geo. V., chap. 119), transferred to the Commissioners Ashbridge's Bay marsh and the waterfront properties owned by the City.

The activities of the Commissioners commenced in February 1912, and in September of the same year final plans were approved by the City Council, and in June, 1913, by the Dominion Government.

The work contemplated by these plans was estimated to cost $25,000,000, and consisted of the reclamation of Ashbridge's Bay, a marsh tract of 1,009 acres, now called the Eastern Harbor Terminals, the construction of a ship channel, turning basin and circulating channel, marginal way wall and retaining walls on each side of Keating's Channel; the construction of a new harbor head line with slips, across the inner harbor front, and the reclamation of the area enclosed by it, to be called the Central

Harbor Terminals; the deepening of the whole harbor to a navigable depth of 24 feet with provision for an ultimate depth of 30 feet; the construction of outside breakwaters and the reclamation of 900 acres of land for park and recreational purposes at the east and west ends of the City and on Toronto Island.

When completed the Eastern Harbor Terminals will contain 644 acres of industrial sites, 235 acres of streets and railway reservations and 130 acres of improved waterways. To date 463 acres have been reclaimed, 176 of which are under option or lease, and the following public improvements constructed:

4½ miles of permanent concrete wharves;
2 " of paved streets;
2½ " of concrete sidewalks;
2½ " of storm sewers;
4 " of 12-inch water mains;
12¾ " of railway sidings;
2½ " of street railway track.

In the Central Harbor Terminals approximately 300 acres are to be reclaimed; of this amount 190 acres will be available for light manufacturing, warehousing and storage. About 12,000 feet of dock walls have been

completed and work on an additional 3,760 feet is well advanced. North of these walls 85 acres have been reclaimed, 34 of which acres are under lease or option.

In the western section, between Dowling Avenue and the Humber River, 106 acres have been reclaimed. Between Dowling Avenue and the Humber River the Boulevard Driveway, 50 feet wide, has been completed, a board walk 24 feet wide has been laid for a distance of 6,000 feet, and the Traffic Highway, 54 feet wide, which is to take the place of the present Lake Shore Road, between the Humber River and Sunnyside Bridge is under construction. The Sunnyside Pavilion has been doubled in capacity, and a Bathing Pavilion to accommodate 5,000 bathers at one time has been built.

Plans for a recreational area at the east end have been approved by the City Council, and the necessary by-law for expropriation has been passed.

The members and officers of the Board are as follows:—

Commissioners.

R. Home Smith, 14 King Street East, (*Chairman*).

Toronto Transporation Commission.

The Toronto Transportation Commission, acting on behalf of the City of Toronto, took over, on September 1st, 1921, the control of the Toronto Railway Company's System and the Civic Lines. It was incorporated by an Act of the Ontario Legislature assented to, June 4th, 1920. The Act of Incorporation is 10-11, Geo. V. 1920, Chapter 144, which may be briefly summarized as follows:

(1) The Commission consists of three members, appointed by the City Council to serve for three years, and to be paid such salary or other remuneration as may be fixed by Council.

(2) No member of the City Council is eligible for appointment as a member of the Commission.

(3) The Commission is entrusted with the control, maintenance, operation and management of:

(a) The Toronto Railway Company upon its acquisition by the City.

(b) The Civic Lines.

(c) Any other street railways that the City may from time to time acquire.

(4) The City may at any time entrust to the Commission the construction, control, maintenance, operation and management of lines of

Motor Busses, or subways, or of tubes or of any method of underground or local overhead transportation. (This was done by By-law No. 8564.

(5) To consider generally all matters relating to local transportation in the City of Toronto.

(6) To construct, control, maintain, operate and manage new lines of street railway.

(7) To fix such tolls and fares so that the revenue of the Commission shall be sufficient to make all transportation facilities under its control and management self-sustaining after providing for such maintenance, renewals, depreciation and debt charges as it shall think proper.

(8) To requisition the City for money necessary to carry out its powers and duties. But nothing herein contained shall divest the Council of its authority with reference to providing the money for such purposes.

(9) The Commission to furnish the City annually an Operating and Financial Statement and keep its books at all times open for inspection by the Audit Department of the City.

The fares chargeable by the Commission are as follows:

Fares for Adults:

Seven cents cash; four tickets for 25c.; sixteen tickets for $1.00; fifty tickets for $3.00; night fare, 15c. cash; books 25 tickets for $3.00.

Fares for Children:

(a) Not in arms and 51 inches and under in height:

Cash, four cents; seven tickets for 25c.; night fare, same as adults.

(b) School Children's Tickets:

School children's tickets are sold at the rate of seven for 25 cents and are for the use of school children under 16 years of age who are resident in Toronto. The tickets are good only going to and from school, between the hours of 8. a.m. and 4.30 p.m., and are not valid on Saturdays, Sundays or on other days when schools are closed.

Free transfers are issued between all lines.

The Commissioners are as follows:
